

# Coach Approach for Leadership Development

PowerED™ delivers purpose-driven learning to elevate people and enhance results. We provide immediate online professional development for individuals and organizations. In demand. On demand.

Amplify your leadership abilities with **Coach Approach for Leadership Development**. Deploy the best coaching practices to help you strengthen your employee relationships, support growth, and increase engagement with your team.

Learn how to delegate, coach, and develop employees; apply contemporary leadership strategies; manage team responsibilities, expectations, and performance; and, utilize practical communication tools to empower your team. You will increase motivation, commitment, and collaboration to drive action and improve organizational culture.

### Highlights of the Course:

- Engaging videos featuring industry leaders demonstrating the Coach Approach in their daily leadership practice
- Includes a workbook so you can reflect and practice key concepts immediately
- Take advantage of practical scenarios and relatable examples to apply directly to your own leadership journey
- Through an engaging Artificial Intelligence (AI) simulation, you will practice the skill of coaching in different situations and receive immediate feedback.

## The PowerED™ Advantage

You'll explore the most recent and effective coaching tools through an enriched, interactive, and online experience. Develop your leadership abilities to directly influence and strengthen your communication skills, and build stronger individual relationships with your team members.

This four module micro-course will explore the meaning of coaching and how it fits within your leadership toolbox. Inspiring leaders have many practiced tools and approaches in their toolkit. While the **Coach Approach** may sound simple, most leaders struggle to really listen to their team members, to ask good questions, to be empathetic, and perhaps the most difficult ... to resist the urge to just solve the problem themselves!

This course brings together the best coaching practices to help you strengthen your employee relationships, generate empowerment, and increase engagement with your team.

The meaning and practice of “coaching” in the workplace is becoming better known; however, its definition is still not universal. This course will take you on a journey to provide you with relevant considerations, applications, and even provide you with a toolkit to help you put into practice the Coach Approach. It is not about showing you “the right way,” but is instead about supporting you in your own leadership journey to help others reach their highest potential.

## Claim your digital badge

Upon completion of Coach Approach for Leadership Development, a digital badge is awarded. Share your badge and newly acquired skills with your network.

By completing both Coach Approach and the Leader Development Program or the Essential Skills for Leaders Certificate, you'll earn a master badge in Leadership and Coaching.
